## Description

The 63' Virtus is designed to maximize space, providing high quality on board comfort. The sleek profile is emphasized by large arrow-shaped side windows, offering a good flow of natural lighting onto the deck below, where a master suite, VIP and twin suite can be found.

Focusing on communal areas throughout, the spacious exterior features two large sundecks, one located at the bow and one astern situated above the garage where the tender is parked. The intention to enhance the social aspects of the boat is extended into the helm area where the driving seat is a three-seater sofa, giving owners the chance to share the pleasure of driving the yacht with guests. This section is protected by a large windshield with a double curve that gives boaters comfort while cruising on the water.

The cockpit is perhaps her best feature, a huge, open space, equivalent to the flybridge of a 90ft superyacht. It is equipped with a fridge, sink and grill in addition to three sofas – one L-shaped on the port side, one astern and a third with a system which slides, enabling one to move closer to the varnished teak table inset that has a flip-up section.

This open section can be shaded by an electro-hydraulically operated bimini which can be left up while the yacht is running. MAD DAY, with her limited light-grey silver livery, presents in immaculate condition and must be seen.

## Information & Features

### 2017 MAN D2842LE423 (Engine 1)

Type:	<b>Inboard</b>	Power:	<b>1014.15 kW</b>

### Manufacturer Provided Description

With this yacht Riva has reinterpreted the concept of an open yacht characterized by a typical Mediterranean style while preserving the unmistakable elegance of the entire range: class, charm and looks. Designed with an eye to the outer lines of the Vertigo - a very successful classical model in Riva's range - the 63' Virtus also draws inspiration from the Rivale's strong personality, while also ensuring more spacious areas that guarantee excellent livability and total onboard comfort. This last-generation open craft has been conceived as a sporty yacht, created for an Owner that wants to experience the sea first-hand.

### Interior equipment

#### Inside Equipment

Bow Thruster
